Spark creative possibilities and transformation

Make a lasting difference every day by helping us to:

- + **Nurture the next generation of creatives:** With your support, we provide free programmes for more young people to develop their artistic practice and access jobs in the creative industry. It also enables us to offer over 50,000 subsidised tickets for young people every year. Play an important role in shaping our young creative's journeys from studio space to the main stage.
- + **Bring communities together to forge better futures:** Your support allows us to build meaningful partnerships with local community groups and schools. We deliver programmes that unleash the power of creativity in young people and their teachers, and throw open our doors for co-created projects with those currently underrepresented in the sector.
- + **Connect people through a vibrant cross-arts programme:** Your support provides essential resources to commission and platform the most exciting, relevant, and varied artists and companies from across the globe. With your help, we're able to inspire, entertain, and connect millions of people each year across our artistic programme.
